

Speech Pathology

Primary & Community Health
South Western Sydney Local Health District

Your child may need to see a Speech Pathologist if they:

- Do not understand questions or directions.
- Cannot express themselves using words or sentences like other children their age.
- Have not begun to say words by 12 months.
- Have speech that is difficult to understand.
- Stutter or repeat sounds, words or phrases.
- Have a husky or unclear voice.

Who can be referred?

Primary & Community Health Speech Pathology accepts referrals for children aged from birth until the end of Term 2 of Kindergarten. We provide assessment and intervention services to children with identified difficulties.

To make a referral or discuss your concerns please contact:

Macarthur
Speech Pathology

Phone: 4633 4133
SWSLHD-MacarthurSpeechPathology@health.nsw.gov.au

Monday-Friday 8:30am – 5:00pm
Telephone Interpreter Service 131 450.

Referrals and enquiries may be made by parents, carers, health workers, schools or other agencies.

We have centres at Ingleburn, Rosemeadow, Narellan and Wollondilly.
This is a free and confidential service.
